

PASSENGER NOTICE

2026 SOSHANGUVE & EKANGALA FUEL RELATED FARE INCREASE

Putco has taken a very difficult decision to increase fares by 10% from 1 June 2026. The company has held off on increasing fares over the past few months since the fuel hikes were implemented. However, operational costs in the transport industry have escalated at a high rate, forcing us to make this tough decision. A 10% fare increase is the lowest that the company could implement.

We understand that the cost of living has gone up. However, we have to increase fares in order to continue providing a good quality service that will ensure that you travel to work safely and on time.

The new increase will apply to trips bought from 1 June 2026. All trip validity periods remain the same.

For more information, please contact:
